ARTHUR M. WIRTZ

THE LAST FIVE CHAMPIONSHIPS that have been won by Chicago sports teams have all been won by the Chicago Black Hawks. Two East Division titles and three West Division titles in the National Hockey League.

These things don't happen by accident. There has to be a solid foundation for any successful operation and especially in the world of sports.

While in the case of the Black Hawks, management has stayed in the background as far as headlines are concerned, few sports organizations have had more experience and more insight on the problems at hand than have the Black Hawks.

BINGHAMTON on Archive.org

ARTHUR M. WIRTZ, chairman of the Black Hawk hockey team, has been associated with the National Hockey League since its infancy and has been instrumental along with his partners, in building the NHL into its strong position in the sports world.

He is a member of Hockey's Hall of Fame in recognition of his diligence and perseverance in helping to build the NHL.

Mr. Wirtz was instrumental in bringing Chicago hockey fans one of the best TV coverages in the sport, with all of the road games during the regular season plus three pre-season games brought to the fans on WGN-TV.

WMAQ brings Chicago fans the home games on radio.

IN THIS DAY WHEN cities are using tax payers' money to build new buildings for its sports teams, Mr. Wirtz has continued to improve Chicago Stadium each year until it is now one of the finest sports facilities in the nation. Through his efforts land has been acquired and the Stadium now has more than enough parking facilities within a block and a half of the Stadium and all at no expense to the city or any of its tax payers.

William W. Wirtz assumed the presidency of the Black Hawks in 1967. In his role as chief operating officer of the company, the Black Hawks have won five championships in less than eight years.

WILLIAM W. WIRTZ

BESIDES HIS almost never ending involvement in the day to day operation of the team, Bill Wirtz is beginning his second two year term as chairman of the National League board of governors. He served in that capacity for two years, 1971 and 1972. He was then succeeded by Bruce Norris of Detroit for two years. At the last annual meeting of the NHL, Bill was again elected as chairman.

During his tenure the league has taken on many new ventures in the complex world of sports.

LAST SEASON THE BLACK HAWKS hosted the NHL All Star Game and one of the highlights of the All Star Week was the huge dinner held the night before. With more than 1,000 hockey fans in attendance.

Through Bill's efforts and aggressive promotion, the Black Hawks were able to raise $100,000 for Hull House, one of the nation's most distinguished charities, founded by the late Jane Addams, a Nobel Peace Prize recipient.

Bill always finds time to work closely with Tommy Ivan and Billy Reay in keeping the Black Hawks top contenders in the league.

MICHAEL WIRTZ is a vice president of the Black Hawks and like his brother has grown up with the sport and the team.

Arthur Morse is general counsel for the Chicago Black Hawks and also serves as alternate governor of the National Hockey League.

Arthur has long been associated with sports and is responsible for the development of the college double header basketball games which are played in the Chicago Stadium. He serves as assistant athletic director of Loyola University.

MICHAEL WIRTZ

ARTHUR MORSE

THOMAS N. IVAN

GENERAL MANAGER

Born: Toronto: Ont.
Jan. 31, 1911

IT TELLS MORE of Tommy Ivan's character than anything else to say that he was the only one surprised by his election last summer to Hockey's Hall of Fame.

For few men in the sport deserved the honor more than he did for his hard work in pursuit of excellence for his teams. wherever he was associated, and his integrity in carrying out his duties to those ends.

Tommy began his career as many others in the sport . . . as a player. An injury ended his quest of a major league berth and he took up coaching.

AFTER A TOUR of duty in the Army during World War II. where he says he learned much about coaching while serving as an infantry instructor, Tommy joined the Detroit Red Wing Organization.

After two minor league seasons, one at Omaha and one at Indianapolis, he was promoted to coach of the Red Wings and proceeded to lead them to six league titles and three Stanley Cups.

Few of the NHL's great players have escaped Ivan's eye either as a member of his teams or as their coach in All Star games. Incidentally, Tommy is undefeated in his seven All Star games which he coached.

HE CAME TO CHICAGO in 1954 as general manager when Arthur Wirtz and his associates took over the team and began a campaign of bringing the Hawks into respectability. After a few lean years while he was rebuilding, Ivan has made the Hawks a contender to the extent that they have been in playoffs all but once in the past 16 years. He won a Stanley Cup in 1961 as GM.

A quiet, gentle person, Ivan's biggest asset could be put in hockey terms best by calling him a "digger." Among his contributions to the game are his pioneering efforts with the American colleges where he found Bill Hay, Keith Magnuson, Cliff Koroll among others.

MANY RULES CHANGES in the past 30 years are on the books because of Ivan's ability to find loop holes and use them in his coaching days until the rules were changed.

He and his wife Dorothy live in Lake Forest.

WILLIAM T. REAY

COACH
Born: Winnipeg, Man.
Aug. 21, 1918

IF THE BLACK HAWKS win 38 games this season Billy Reay will move into second place among the winningest coaches in NHL history. He already is the winningest coach in all of Chicago sports with 437 victories since he took over the bench of the Black Hawks in 1963-64.

Add to that 26 victories in Toronto and he has 463 wins in the NHL. Only Dick Irvin with 690 wins with Chicago, Toronto and Montreal and Toe Blake with an even 500 in Montreal are ahead of him.

LAST YEAR THE HAWKS lost only 14 games, the least of any team in the league.

Reay also can boast of winning both the Prince of Wales and Campbell bowls, an honor that only Scotty Bowman can share with his old buddy.

Reay also can boast the longest tenure in the league. Now, with Lou Angotti running the show in St. Louis and Bob Pulford in Los Angeles, Reay joins his own boss Tommy Ivan as tutor to other coaches and general managers throughout the league.

A man who loves all sports whether it's a noisy poker game or a horse race or a golf match, Bill brings with him a fierce pride that makes it necessary to win no matter what he's playing or how much the spoils might be.

QUIET AND SOFT SPOKEN, Billy does not berate his players in public. This is probably his most important asset when weighing his long tenure as a top coach. He willingly takes the brunt of any attack on his own shoulders. He also enjoys giving the needle to the media when the occasion arises.

Billy lives on the near north side with his wife Clare. He has a married daughter and a son, Billy Jr., at University of Wisconsin.

MEET THE TRAINERS

CHARLES (SKIP) THAYER

LOU VARGA

Charles, (Skip) Thayer, 32, is the first hockey trainer in the NHL to be college trained. He took his degree from the University of Maine and his Masters from Indiana University. After serving as trainer for all sports at Colby College in Waterville, Me., he joined the Black Hawks four years ago.

Skip has three sons. Scott 10, Stephan 6 and Gregory 3.

Lou Varga served as the trainer for the Black Hawks' Central League entry for five years in St. Louis and Dallas. He and Skip Thayer combine their talents as trainers for the Black Hawks and Lou also handles the equipment. He also will be starting his fifth season with the parent Black Hawks. He and his wife Helen recently bought a house in the suburbs. They now have a son, John Michael, who was born Jan. 31, 1974.

12

IVAN BOLDIREV

CENTER

Shoots left 6' 190 lbs.

Born: Zranjanin, Yugoslavia

August 15, 1949

Ivan Boldirev joins the Black Hawks this season with credentials which could tip the balance toward making the Chicagoans the best offensive team in hockey

Big, young, good skating, and the kind of guy who loves to play and gives everything he has at all times, the Hawks now have another center to go with Stan Mikita, Pit Martin and Dale Tallon. With Tallon Ivan gives the Hawks two big men while Stan and Pit have everything else.

Playing all 78 games last year for California, Ivan scored 25 goals for a team that was not really noted for its scoring prowess.

Born in Yugoslavia, Boldirev joins Mikita, the most famous D.P. of all from Czechoslovakia.

Ivan is married and he and wife, Carol have one daughter, 3. They live during the off season in Sault Ste. Marie, like Tony Esposito and Chico Maki.

23

JEAN PAUL BORDELEAU

RIGHT WING

Shoots right 6'1" 175 lbs.

Born: Noranda, Que.
June 6, 1949

The Black Hawks' top amateur draft choice five years ago, J. P. Bordeleau is one of the fastest men in the league and also one of the most tricky when it comes to setting up scoring plays.

J. P. is married and he and his wife Mary have one daughter, Nicole, now almost three years old.

Serving on several different line combinations last year, J. P. proved that he is willing and able to help the Hawks in many ways, especially when it comes to scoring goals and giving the team the extra speed needed in the clutch.

Desipte his lack of size, J. P. is adept at going into the corner and is willing to take hard checks when necessary.

His hobbies include golf and other sports.

35

ANTHONY JAMES ESPOSITO

GOAL

Shoots Right 5'11" 185 lbs.

Born: Sault Ste. Marie, Ont.

April 23, 1944

The Black Hawks have long had a history of great goal tenders starting with the immortal Chuck Gardiner back in the early 30's and on to the great Glenn Hall.

Tony Esposito doesn't have to bow to either of these Hawk greats. In fact in five years with the Hawks, they finished in first place four times and he won the Vezina or shared it three times.

His rookie year with the Hawks was one of the most phenomenal efforts in all sports, scoring a record 15 shutouts and leading the Hawks to the East Division title.

It would be hard to describe Tony's style of goal tending. Probably the easiest way would be to say he gets the job done in any way necessary to keep pucks out of the net. One of the most savvy athletes in sports, he has studied the styles of all goal scorers and can almost give you a film of just what a certain player will do when he comes at him. He adjusts to each situation rather than relying on any one method.

Unlike most goalies, Tony is "normal" when it comes to talking to people, even right after a game when most goalies are wound up so tight they shy away from interviews.

Tony will tell you right out what went wrong, but mostly he will take complete blame for a goal. "After all, I had last chance to stop it so if they scored, it was my fault."

A graduate of Michigan Tech. Tony joins the long ranks of college players that the Hawks have developed over the years.

Tony and his wife, Marilyn own their own home in Elmhurst and have two boys, Mark and Jason Patrick.

14

GERMAIN GAGNON

LEFT WING

Shoots left 6' 172 lbs.

Born: Chicoutimi, Que.
December 9, 1942

Acquired late last season, Germain Gagnon gave the Hawks experience and a size at left wing. His artistry in handling the puck proved very helpful in some tight games.

Quiet and usually good tempered, Gagnon fit right into the Hawks' scheme.

He and his wife Rejeanne have two children Sandra 8 and Carl 5.

10

DENNIS HULL

LEFT WING

Shoots left 6' 198 lbs.

Born: Pointe Anne, Ont.
November 19, 1944

While many athletes are tagged with the public relations gimmick of being a "nice guy" and always doing things for people, Dennis Hull shies away from all the cliches and sets his example by "doing."

He's first to come to the aid of a teammate or a friend, but he does it in such a casual way, and usually with a touch of humor, that every one forgets where the help really came from.

An example was during the All Star game preparations in Chicago last winter, Dennis quietly bought four tickets at $100 each for his own parents and his wife's parents.

Then he proceeded to steal the show with the best and funniest speech of the night with no preparation. He didn't know until a few minutes before that he would be called upon.

Dennis Hull has wreaked more damage on goal tenders than any man alive with his shot which has been acclaimed the hardest in hockey. Goal tenders have been strewn from one end of the league to the other from shots which have knocked them cold even with the mask protecting them from otherwise serious injury.

A very successful rink operator Dennis has a hockey rink on the southwest side and holds a hockey school there in the summer.

While Dennis is obviously a great goal scorer, his work on defense and his willingness to sacrifice himself for the entire team is a part of his value to the Black Hawks that is many times overlooked.

Dennis lives in the western suburbs with his wife, Mary Sue and their two children, Martha and John.

4

DOUGLAS JARRETT

DEFENSE

Shoots left 6'3" 205 lbs.

Born: London, Ont.
April 22, 1944

This big, good natured Black Hawks could well be the most underrated player in the entire National Hockey League.

Always a Black Hawk, playing his amateur days in St. Catharines with his buddy, Dennis Hull, Doug moved right to the parent club when he turned pro and has been a main cog in the Hawk defense ever since 1964-65.

Although he is considered more a defensive type of blue liner, Doug has the skating ability and stick handling poise to be a play maker when the situation develops. His size also makes him big enough to be tough when necessary, but his penalty minutes point to the fact that he doesn't go out of his way to do violence to opponents.

His hip checks have become a thing of beauty in the Chicago Stadium and he has been aptly labeled "Chairman of the Boards" as he pins his opponents between his hips and the dasher on their way toward the net.

Doug and his wife, Mary Lou, live in Elmhurst with their five sons, Doug Jr., Michael, David, John and Robert.

20

CLIFFORD EUGENE KOROLL

RIGHT WING

Shoots right 6' 190 lbs.

Born: Canora, Sask.
October 1, 1946

Starting his sixth year with the Black Hawks, Cliff Koroll is an important part of the Hawks' scoring operation serving on the famous Scooter line with Stan Mikita.

While his scoring was off slightly last year with only 21 goals his defensive ability and hustle made him one of the top right wingers in the league.

During the Hawks' great streak of 229 games plus 34 Playoff games when the Hawks were not shut out, it was Cliff who saved the streak on six different occasions, once at 19:02 of the final period.

Cliff is another of the many college developed players, coming to the Hawks from Denver U., along with his buddy, Keith Magnuson.

He is married and he and Lynnae live in the northwest suburbs.

3

KEITH MAGNUSON

DEFENSE

Shoots right 6' 185 lbs.

Born: Saskatoon, Sask.
April 27, 1947

While Keith is known for his huge numbers of penalty minutes rolled up in past seasons, he is really a much more polished defenseman than critics are willing to acknowledge.

He is the type of athlete who gets himself "revved up" for a game and during the battle will do anything within reason to win. He will go after any one in sight, whether it is an opposing player or an official if he feels his team is unduly hurt.

Thus, he piled up many misconducts as well as the regular roughing or boarding penalties that defensemen would get.

But with the help of Coach Billy Reay, Keith has been learning to control his instincts and cut down considerably on his penalties last year. They totaled 105 last year — his lowest total.

Keith is really one of the better defensemen when it comes to using his head as well as his body. He anticipates plays as well as any one and many times gets in the right place through his natural instincts as an athlete to break up plays.

His reddish hair and boyish grin make him one of the most popular athletes in Chicago and the fact that he is still an eligible bachelor doesn't hurt his image with the female fans.

He works for Seven-Up Bottling Company and during the off season devotes most of his time with that company in promotional work. He is known as the Man from Uncola.

One of the many college players on the Hawks, he was a teammate at Denver U. with Cliff Koroll. They are still very close although Cliff left the bachelor ranks last year.

16

RONALD (CHICO) MAKI

FORWARD

Shoots right 5'9" 172 lbs.

Born: Sault Ste. Marie, Ont.
August 17, 1939

Chico Maki has the distinction of playing his first game for the Black Hawks during the 1961 Playoffs when the Hawks won their last Stanley Cup.

Since then he has been one of the most important parts of the Hawk machine, serving in many different roles and filling in wherever Billy Reay decided he needed him.

Chico played center when he first came up and from time to time has filled in at that position. However, he likes right wing best. He has even played left wing on occasion and since he is one of the fastest men in the league, he has been able to do a better than adequate job wherever he played.

Although Chico has never set any scoring records, his shot is actually very underrated. On a given play, Chico can put the puck where he wants it as well as any forward in hockey. But he has spent most of his career setting up other scorers.

His biggest scoring season was 1970-71 when he registered 22 goals. Last season he had 13.

Chico began his career with the Hawks junior team in St. Catharines and then went to Buffalo where Billy Reay was coaching. From there he moved to the Parent club and has been a Black Hawk all his life.

Besides being one of the most versatile players in hockey, Chico also possesses a tremendous sense of humor and is especially a big help with younger players in helping them loosen up.

The Maki's, including Chico's wife, Nancy, have three sons, Mike, Steve and James.

11

JOHN MARKS

DEFENSE

Shoots left 6'2" 200 lbs.

Born: Winnipeg, Man.
March 22, 1948

Big, tough and versatile is a good way to describe John Marks.

Originally a defenseman, he can play either wing and was especially adept as a left wing last year with 13 goals and 31 points. While he can play other positions, John really prefers defense.

His size, 6 foot, 2 inches, 200 lbs., can't hurt him in any way, John enjoys hitting, and won't back down from any opponent.

During the summer he served as honorary coach of the Chicago Area Retarded floor hockey team which went to a special tournament in Winnipeg with other NHL cities. Marks' team finished first in their division and John said he never had so much fun.

John served a two year apprenticeship at the Hawks Dallas farm club after signing a contract right out of the University of North Dakota.

Married, John now resides in Detroit Lakes, Minn., with his wife, Cathy.

7

HUBERT (PIT) MARTIN

CENTER

Shoots right 5'9" 170 lbs.

Born: Noranda, Que.
December 9, 1943

Pit Martin can probably do more things with a pair of ice skates and a hockey stick than any human being. He is fast, he is smart, his shot is one of the best, and 12 years experience; in the National League makes him a valuable asset to any team.

Playing with Dennis Hull on the left and Jimmy Pappin on the right, Pit's line became known as the MPH. His knee injury in the quarter finals last year was probably the biggest reason the Hawks didn't get to the finals. But it proved once again his value to the team.

While many other players in the league reap the benefits of the press clippings, Pit just rolls along. He can hold his own with any center in the league. The phrase "underrated" is many times over used and in some cases is a cliche for "just ordinary." But in Pit's case it is certainly true that he is underrated by everyone but the Hawk management. No one has to remind Billy Reay of how valuable this wirey little guy is to the team.

A college graduate from Windsor U., Pit has a very slight French accent that lends a certain flavor to his speech. His wirey frame gives him the physique to make almost any suit look like it was designed only for him. He dresses immaculately and looks more like a bank president than an athlete.

He and his wife Pat have three daughters, Nicole, Nina and Jenna.

Like his teammate Jim Pappin, he flies his own plane.

21

STANLEY MIKITA

CENTER

Shoots right 5'9" 170 lbs.

Born: Sokolce, Czechoslovakia

May 20, 1940

Stan Mikita begins his 16th year with the Black Hawks and he has never played for any other organization since his junior days in St. Catharines.

In fact, he has had only two coaches in his time with the Black Hawks, and Tommy Ivan has been his only general manager.

His four scoring championships and his two Hart trophies as well as the two Lady Byng laurels speak for themselves. He has been on nine All Star teams and has scored 401 NHL goals.

Few athletes can do as many things as well as Stan does. His 1154 points lead all Black Hawks in history. His 139 points in playoffs lead all active NHL players in that category.

He is very active in work with retarded children. He also runs a hockey school for deaf children which was a huge success this past summer.

Last year the Standby Club honored Stan by setting up a scholarship fund at Elmhurst College. It was Stan's idea to set up the fund rather than accept gifts for himself. More than $20,000 was raised and the fund continues to help dserving youngsters in Mikita's name.

While he has perennially been one of the NHL's top scorers, his proudest achievments for himself as well as his line come on defense. He hates it when the opposition scores while his line is on the ice and is constantly on his line mates to improve their checking.

Enjoys golf where he is considered one of the top amateurs in tournament play.

Stan and his wife, Jill, have a home in the Western suburbs where they live with their four children, Meg, Scott, Jane and Christopher.

JAMES JOSEPH PAPPIN

RIGHT WING

Shoots right 6'1" 190 lbs.

Born: Sudbury, Ont.
October 10, 1939

Jim Pappin has been the leading Black Hawk scorer the last 2 seasons with 41 and 32 goals and has scored 180 goals since joining the Hawks in 1968-69.

Even with all this, James has not been completely appreciated by Chicago fans. Most of his poor press comes from the fact that he doesn't seek personal glory. He is a little blunt with most reporters and many of them confuse his press relations with his hockey talent.

But none of this worries Ol' Jim, who has only one thing in mind and that is winning hockey games. When he first came to Chicago he was leaving his native Toronto area and it was a shock not to be in familiar territory. But gradually he has adopted Chicago, spending most of his off season with other Chicago athletes, playing golf and enjoying himself.

Few players have more of a knack for putting the puck in the net. He seems to always be in the right place especially in situations where a goal is needed to tie or win the game.

With Pit Martin setting him up, Pappin has never been afraid to make an unorthodox move just to foil the opposition. When the play backfires Pappin might look bad personally. This is one of the reasons fans have not understood him. He has always been willing to sacrifice his own glory for the team's beneft.

Jimmy lives with his wife Karen and two children, Merrill and Arnie in the northwest suburbs.

He flies his own plane and uses it to commute from his home to practice when the weather is good.

18

DARCY ROTA

LEFT WING

Shoots left 5'11" 180 lbs.

Born: Vancouver, B.C.
February 16, 1953

Although the Black Hawks perennially draft 15th or 16th because of their high standing, they were lucky enough last year to draft Darcy Rota No. 1.

He became one of only three players to score 20 goals in his rookie season (21) and his determined attitude and enthusiasm both for hockey and the Black Hawks could make him one of the all time greats wearing the big Indian on the front of his jersey.

Besides his obviously hard and accurate shot, Darcy is a good skater and a tough checker. He hopes to improve his defensive moves in the coming season, although he made quite a long step in that direction last season.

Darcy came to town wide eyed and full of the typical rookie in quest of fame and glory. But it didn't take him long to become part of the Black Hawk scoring machine and join in the fun which at first had been aimed at him by the Mikitas, Hulls and Makis.

The first player from his home of Prince George, B.C., to make the majors, Darcy is a real hero back home where every one has become a Black Hawk fan.

He is still a member of the Black Hawk bachelor corps.

15

RICHARD REDMOND

DEFENSE

Shoots left 5'11" 178 lbs.

Born: Kirkland Lake, Ont.
August 14, 1949

While all the media thinks of the Bobby Orrs and Brad Parks when speaking of defensemen, it is hard to figure how any defenseman could have done more either as an individual or in helping his own team than did Dick Redmond last year.

Scoring 17 goals and 42 assists, Dick was among the top scorers among blue lines, but that isn't all.

His ability to carry the puck out of his own zone and his passing made him as much a threat on offense as he was on defense.

His biggest thrill came in his very first playoff game when he picked up the hat trick against the Blues.

RING THE BELL on Archive.org

Brother of the high scoring Detroit forward Mickey Redmond, Dick doesn't have to be modest about his own goal scoring abilities.

An avid guitar fan, Dick plays both the guitar and piano himself, and loves all types of modern music. Other hobbies include golf, water skiing, bicycling and building model airplanes.

He played his junior hockey at St. Catharines and this is one of the reasons the Hawks took an interest in making a deal for him since he had worn the famous Indian Head on his jersey as an amateur. In fact he scored 31 goals as a left winger in his last year in Junior A hockey.

His wife's name is Debbie. They spend their summers in Peterborough, Ont.

PHIL RUSSELL

DEFENSE

Shoots left 6'2" 200 lbs.

Born: Edmonton, Alta.
July 21, 1952

Few athletes have made the impact on the city that Phil Russell has made in first two seasons with the Black Hawks.

Jumping right from his junior career to the NHL two years ago, Phil was passed up in the voting for top rookies, but he took advantage of this by plugging away when no one was "pointing" at him.

Last year he continued his natural improvement toward becoming one of the NHL's great defensemen.

He can shoot, and most important, he can skate the puck out of his own zone. Also, he can punch if any one tries to get smart with him. He usually wins any fight he has.

Phil is not far behind Keith Magnuson in leading the famous bachelor corps of Black Hawks.

He was injured just before the playoffs in a fluke accident against the glass. Then he broke two ribs when he returned for the playoffs but didn't tell any one until the season was over.

While he is quiet, he has a sort of determination about him that usually accomplishes whatever he sets out to do, whether on the ice or off.

MICHAEL DALE TALLON

CENTER

Shoots left 6'1" 205 lbs.

Born: Noranda, Que.
October 19, 1950

A broken wrist early in the season hampered Dale Tallon from accomplishing some of the things that were expected of him after he joined the team in a big summer trade.

But even with this handicap, Dale showed moves that could make him one of the most feared forwards in the NHL in not too many seasons to come.

Still only 24 when this season opens, Dale has plenty of years ahead of him. He began as a defenseman with Vancouver but Billy Reay moved him to center because of his great ability to handle the puck and his skating.

His size and passing ability give him the tools to do whatever he sets his mind to do.

A natural athlete; Dale is considered possibly the best golfer in all of hockey and he used that sport to strengthen his wrist during the past summer so he can get off to a good start in the coming year.

Another of the bachelor corps, Dale collects art for his near north side apartment which he shares with Phil Russell. He also likes movies, his favorite star being Marlon Brando.

His dad played pro hockey under the great Eddie Shore.

1

MIKE VEISOR

GOAL

Shoots left 5'9" 158 lbs.

Born: Toronto, Ont.
August 25, 1952

If it is true that good things come in small packages, Mike Veisor could be the best player in the league because he is the smallest at 158 lbs.

A lot of kidding was done last year when the likeable youngster started his first game for the Hawks. Wire services reported he was the first Jewish goalie in the league, which wasn't true because of Ross Brooks with Boston. Others settled for his being the first Jewish goalie in Chicago. This too was found to be untrue since a man named Moe Roberts had played two periods back in 1951.

But Mike can lay claim to being the first Jewish goalie to gain a shutout for the Hawks and he can also claim to be a great youngster with plenty of promise.

His biggest problem is trying to find a way to get into games since the Hawks already have Tony Esposito.

Mike and his wife Donna have one son, Michael, Jr.

2

WILLIAM WHITE

DEFENSE

Shoots right 6'1" 195 lbs.

Born: Toronto, Ont.
August 26, 1939

Bill is one of the guys who is always in the right place at the right time and most people don't even notice him because he's doing his job. He is definitely not the type to catch the eye of the Eastern Establishment Press and thus the headlines go to others while he wins games for his team.

Tommy Ivan and Billy Reay had their eyes on White for several years, even in the days when he played for the hard nosed Eddie Shore. The opportunity came when they were able to make a trade with L. A.

Since then, White has been the back bone of the Hawk blue line corps and is especially valuable now in breaking in such youngsters as Phil Russell, Phil teamed with Bill much of last year.

Tall and quiet, Bill can also skate with the puck when the occasion arises. He usually ends up near the 10 goal mark which is great for a defenseman and especially one who is noted mostly for his defensive play. White was also one of the big stars in the Russian games in 1972 when he was finally used.

The Whites have three daughters and live in Park Ridge during the hockey season.
